

MUNICIPALITY

EyeTerra™ Municipality Solutions showcases your metro area to the world. With the most detailed, beautiful aerial maps ever, you have the tools to reintroduce your city and update its image in a vivid and appealing way. Attract tax base, commerce, corporations, residents, tourism, conventions and events. Our user-friendly and content-rich interface will show off your city's strengths, facilities and attractions in an all-new and flattering light.

This tool allows the world to see your metropolis in ways never seen or navigated before. Here are just a few ways that our Municipality Solution can help you today:

- Use as the ultimate city planning tool
- Attract conventions, events and attractions
- Draw commercial and residential relocation
- Educate people to the perspective of the city
- Track development and revitalization progress
- Provide powerful mapping tools to both visitors and community

For a full demonstration and to preview our Revolutionary™ technology, contact us today at 816.994.3622 or email us at city@eyeterra.com
