

**EyeTerra**<sup>®</sup> Real Estate Solutions showcases properties in entirely new and deeply persuasive ways. Online browsers can navigate the area in 360° format, enter buildings, preview amenities and tour floor plans. Once in the sales office, prospective buyers and tenants can continue to explore properties in-depth with easy-to-navigate touch-screen interfaces, then take home attractive, high-resolution print collateral that continues to sell your case.

This tool allows buyers to see your product in ways never seen or navigated before. Here are just a few ways that our Real Estate tools can help you today:

- Increase sales
- Showcase product footprint
- Highlight surrounding points of interest
- Increase consumer knowledge of product
- Illustrate relationship with neighborhood and city
- Allow viewers to explore product features and amenities
- Showcase your location within the neighborhood or city

For a full demonstration and to preview our Revolutionary™ technology, contact us today at 816.994.3622 or email us at RE@eyeterra.com
